Flag Status: Completed

Hello Jacquelyn, Jim,

We are in need of details from the Debtors regarding the Central Repository Stamford, CT.

(As, for example, in the following entry:

Central Repository Stamford, CT: Vol 105, VIII. Clinical Data: Integrated Summary of Safety: June 2002 Periodic Safety Update Report Oxycodone Hydrochloride Preparations; 13-Oct-01 through 12-April-02.)

Does the Central Repository maintain, among other materials, pre-clinical, clinical, GLP and non-GLP information regarding opioids, Oxycodone, Oxycodone Hydrochloride preparations, or genotoxic data and genotoxicity databases? If yes, is there a directory, registry, an index, or similar document listing the contents of the Central Repository? If yes, please furnish a copy of the index, or directory (or similar), or portions relevant to our requests for--only by way of example-- non-GLP, GLP, pre-clinical and clinical toxicology animal studies; genotoxicity databases; chromosomal aberrations, in addition to the express request above (underlined). The foregoing questions were presented to the IACs and, in response, it was explained, in sum and substance, that the IACs are unable to share any knowledge or assistance.

We are proposing a meet and confer for Friday, February 12, 2021, @ 2p est; kindly advise of your availability.
